ROLL PULLER™ ● Multiple US and Foreign Patent's Pending
RP3XL™ (2.75"- 3.25" ID Cardboard Cores) - Minimum 0.5 Thickness $595 Each
RP4XL™ (3.75"- 4.50" ID Cardboard Cores) - Minimum 0.5 Thickness $570 Each

PRICE EFFECTIVE 01/01/2024. Plus $25 handling per shipment and Freight charges prepaid or billed to your freight account. We regret we've had to raise prices 5% due to Inflation of Steel & Laser Cutting of Tubing, Parts and the Special Armor Plate used for the Patented & Patent Pending Teeth, the machining of the Special Shaft Steel & welding wire and parts have doubled.

In 2016, after 37 Years, the the 12" RP4 was Re-Engineered to 16" & a RP3 was Delevoped.
- ● **Redesigned for Pulling the Higher Weights** of Multiple Rolls Banded Together without tearing the core.
- ● **Grabs 4 Inches Deeper into** the cardboard core increasing the cores load capacity multiple times.
- ● **Patent Pending Laser Cut Armor Plate Steel Notched Teeth** helps control cardboard tearing.
- ● **A Forged Ring Threaded & Double Welded onto a NASA Steel Double Machined Shaft.**

RP4XL

This exceeds the Roll Pullers 1000 pound tested maximum pull limit

Rolls on the top tier are the most difficult for workers to remove. O reduce the weight

EASY! WITH GAC ROLL PULLERS

Since 1980 millions of Geosynthetic rolls on cardboard cores have been unloaded safely and less costly from enclosed vans and containers. **Protects Workers and the Employer** from Injuries and Claims.

Eliminates most of the manual labor and injury potential needed to unload or carry rolls from the back to the front of the van or container. **Roll Pullers pay for themselves in just a few shipments.**

Multiple Roll Pullers can unload trucks and containers as much as 10 times faster, WATCH THE VIDEO. Pyramided Rolls can be pulled until the weight prevents rolls from sliding and the core begins to pull out. In cases where the manufacture has loosely wrapped the material onto the roll core and the core begins to pull out, Multiple Roll Pullers may be needed one in each roll core to help prevent this.

90 DAY WARRANTY AGAINST DEFECTS FROM DATE OF PURCHASE WITH PROPER USE. SEE PAGE 2 FOR INSTRUCTIONS.

WE STOCK CHAIN, HOOKS & O-RINGS FOR COMPLETE SYSTEMS:
4" Forged Steel O-Ring - WLL 4700 LB $40.00 each
5/16" Grade 70 Chain - WLL 4700 LB - 4 feet - $26.00 each ● 6 feet- $39 each
**Grade 70 HOOKS - WLL 4700 LB - Slip Hook with Latch $19.00 & Grab Hook $15.00**
$15 PER CHAIN LABOR TO CUT CHAIN AND INSTALL HOOKS
WLL - WORKING LOAD LIMIT - IS LESS THAN THE BREAKING STRENGTH
OSHA REGULATIONS - NEVER EXCEED THE WLL - WORKING LOAD LIMIT

THINK SAFETY !!!! SEE PAGE 2
ROLL PULLERS DO NOT BREAK WITH PROPER USE
CHAINS, CABLES, ROPES & SLINGS DO BREAK
PERSONNEL WILL ENJOY WATCHING HOW FAST & SAFELY ROLL PULLERS UNLOAD TRUCKS & CONTAINERS & NOT USE THEIR COMMAN SENSE!
DO NOT STAND BY THE ROPES
STAND BY THE SIDE OIF THE TRUCK

2 Puller set uses 2 - 6' chains
3 Roll Puller set uses:
1 - 4' center & 2 - 6' outer chains
4 Puller set uses: 2 of each 4' & 6'

Clevis Slip Hook With Latch

Clevis Grab Hook

Mounque "Monk" Barazone also Patented & has Manufactured since 1980 "The Worlds Best" Telescoping Geosynthetic Installation Machine The Grizzly 600T™
